United States

Phone: (301) 649-3406

M. Taylor Enterprise is a privately owned foundation repair and waterproofing contractor headquartered in Silver Spring, Maryland. Structural integrity, as well as visual appeal, are an essential component of the company's services. Extensive experience and knowledge of shoring requirements ensure maximum safety throughout the structural repair process. Apart from foundation repair and waterproofing, other services offered by M. Taylor Enterprise include concrete, masonry, and excavating. Serving Maryland for more than twenty years, the majority of the company's work is conducted in Montgomery, Prince George's, and Howard counties. Photographs highlighting completed projects are displayed on the company's web site, along with client testimonials.
