The Water Mold Fire Restoration Company (WMF), which has been in business since 2004 and is headquartered in Chicago, Illinois, provides water damage, fire damage, and mold remediation services. You could face months of restoration work to make your home livable again. What's worse, you could be looking at a tough battle with the insurance company if they don't feel your claim is worth the money you need for the restoration. Having a Chicago restoration company, you can trust Paramount to ensure you get the best materials and processes for restoring your residential property. At Water Mold Fire Restoration of Chicago, our technicians have years of experience handling water damage cleanup and mold remediation services that help to ensure each property we work on is safe and robust, able to hold up for decades to come. In addition to water and mold cleanup options, WMF offers the following: Fire Damage Restoration, Air Duct Cleaning, Crime Scene Cleanup, Full Demolition, Smoke and Odor Removal. As a BBB-accredited business with an A+ rating and excellent reviews from past clients, you can trust WMF to perform quality work with excellent customer service every time.
