5859 Abercorn Street
Savannah, Georgia 31405
United States

Phone: (912) 547-4300

Arentz General Contracting based in Savannah, GA, offers complete Design-Build services that ensure a single-source of responsibility and alleviate the stress of completing a building project. Jim Arentz is an experienced, professional general contractor now serving the greater Savannah, Georgia area for over 30 years. Contracting services include site plan design and development, preliminary plans and budget costs, zoning and building permit approvals, working construction plans and specifications, as well as turnkey construction services. Arentz also constructs pre-engineered metal buildings for such purposes as churches, hangars, agricultural or any commercial use.
