United Structural Systems, Inc. (USS) is a family-owned and operated foundation repair contractor based in Pleasant View, Tennessee. Founded in 1994, the company provides expert foundation work, including foundation repair, concrete leveling, waterproofing, and more, to homeowners throughout Middle Tennessee and Southern Kentucky. United Structural Systems not only offer free estimates on its work but also guarantee it with a lifetime, transferable warranty. Details about their services, service areas, and customer reviews are featured on the company's website, along with the company blog.
