Case Design is a home remodel and renovation company headquartered in Bethesda, Maryland, in Maryland, Virginia, and Washington DC. Contractors can handle a variety of home improvement projects ranging from interior floor renovations to exterior roofing maintenance. Your designer will listen to your needs and desires and then offer multiple solutions to meet those goals. No two homes are alike, and no two remodels are alike. Nobody provides quality like Case. With its Safe Home Program, you will also be protected. Our commitment is built on 4 pillars: Worksite Personnel & Practices, Safety, Stability, and Healthy Home. Learn more at the "Safe Home" blog below. For a full list of services offered by Case, please visit the website today.
