

AzCad Design

3808 East Shapinsay Drive
Phoenix, Arizona 85140
United States

Phone: (480) 215-5770

AzCad Design offers pre-drawn and custom home designs, including additions and remodels, based in San Tan Valley, Arizona. Although drawn in Arizona, the company's designs have been built in several other states, as well, serving both contractors and owner-builders. AzCad can also provide garage plans and home additions. Besides its pre-drawn plans, AzCad can also design custom homes, home additions, and remodeling projects. Although Arizona does not require an architect stamp on residential house plans, the company can provide a stamp for customers living in states that do.
