Courage Pools, Inc. is a family owned pool contractor in Newcastle, California, which has been in business since 1994. The locally owned company specializes in the construction of custom residential gunite pools and spas, serving both Placer and Sacramento counties, and the owner of Courage Pools is directly involved in each of the company's projects. The company's web site offers information on the things that should be done before a pool is built, reasons why a client should choose Courage Pools, and a gallery of photographs depicting the company's past projects.
