No Mold Atlanta performs residential and commercial mold removal and remediation services. The company is based in Canton, Georgia. Owned and operated by the Ortega family, No Mold Atlanta works throughout the greater Atlanta metro region. NoMoldAtlanta was established in 2006 when toxic mold and its health risks began impacting consumers' buying decisions for residential and commercial real estate. With its non-toxic approach to removing mold and its 10-yr warranty against future mold growth, No Mold Atlanta quickly established itself as the "go-to" company for all remediation services. Its mold and mildew removal and remediation services and procedures are described on the company's website, which includes several informational articles, job photographs, and answers to commonly asked questions about its services.
