Fax: (954) 639-7634

South Florida Water and Mold Restoration is a general contractor specializing in mold remediation, with its offices in Dania Beach, Florida. The company also provides water damage repair services and storm restoration of residential and commercial properties in southern Florida, particularly Miami, Broward, and Palm Beach County. The company can immediately respond to emergencies, and direct insurance billing is offered. Photographs of past projects, client testimonials, and a blog are available on the company's website.
