Fax: (616) 374-0758

Based in Portland, Michigan, Architectural Metals, Inc. supplies and installs architectural sheet metal building components. In business for more than twenty-five years, AMI offers a variety of products, including standing seam roofing, insulated metal wall panels, corrugated metal wall panels, column covers, louvers, sun shades, and others. The company also manufactures custom trim pieces. Current projects and a partial client list are highlighted on the company's web site, along with details of its products, services, and capabilities. AMI's product partners and suppliers are also listed.
