Green Distribution is a producer and marketer of green building products with its offices in Boca Raton, Florida. The private corporation focuses on the provision of sustainable building products used in a variety of construction markets, including airports, train stations, terminals, travel plazas, toll booths, truck weigh stations, tunnels, bridges, and road barriers, as well as commercial, educational and governmental buildings, residences, and entertainment facilities. Its products include earth-friendly tile, energy-saving devices and building materials, roof tiles that are self-cleaning with anti-mold properties, and solar energy.
