South Carolina Air Distributors is a full line distributor of HVAC equipment and supplies; headquartered in Greenville, South Carolina. A sister company to Virginia Air Distributors, the company is owned and operated by a parent company, Value Added Distributors, carrying the Armstrong and Concord brands of residential HVAC equipment, as well as Magic-Pak commercial systems, Panasonic mini-splits, and Honeywell automatic standby and portable generators, among other brands. The company also has locations in Columbia and Myrtle Beach. South Carolina Air Distributors also offers technical support and training classes, along with an online shopping area.
