Durkin Awning and Tent Rentals offer shelter solutions for any occasion from wedding to festival booths—and everything in between. Also, Durkin's works with decorators, planners, and caterers to transform your tent into the perfect environment for your event in Danbury, Stamford, Ridgefield and throughout Connecticut and New York. The company provides professional awning installation, repairs, replacement covers and cleaning, full annual service, and tent rentals, serving both commercial and residential customers. Buying a tent should be quick and easy. If you have a long-term need for a specific tent, which makes renting impractical, Durkin's can also arrange for the purchase of tents, either new or from its extensive inventory. Durkin's also offers professional tent setup for weddings, parties and other events along with turnkey party rental solutions.
