Metal Sales Manufacturing Corporation is a nationwide provider of metal panels for the commercial, agricultural and residential construction industries. The company inspires construction professionals and building owners with design solutions that offer a longer life cycle, lower maintenance, and higher resale value than traditional building materials. With the industry's largest and most knowledgeable sales and technical support team, Metal Sales has the expertise to address today's challenges in high-performance, sustainable, and Net-Zero building. Metal Sales IMPACT Building System is a fast and easy way to instantly provide your customers with a design/build, cold-formed steel building package, complete with a cost estimate, construction contract, and blueprints ready for permit. With over 55 years of experience, Metal Sales has outreach worldwide, delivering outstanding roof, wall, and fascia metal panels from its 21 manufacturing locations in 17 states across the United States, including Alaska. The company's website includes a branch location finder and a customer portal that allows you to place and review orders easily, check shipments, and review past invoices.
